<b>BASIC GUARANTEES</b>		<b>CAPITAL</b>
CONTAINERS:	Transformer huts, control rooms, perimetral fence	0,00
CONTENT:	Photovoltaic installation Spare components and stocks	350.000,00 0,00
<b>GUARANTEE EXTENSION</b>		
INSURED SUM over Content capital		350.000,00
EXCESS:	<i>10% of the amount of the accident, minimum 150,00 € and maximum 1.500,00 €</i>	
<b>COMPLEMENTARY GUARANTEES:</b>		
Damages to devices and power lines and machinery		30.000,00
EXCESS:	<i>10% of the amount of the accident, minimum 150,00 € and maximum 1.500,00 €</i>	
<b>STOP PRODUCTION / LOSS OF BENEFITS</b>		
GROSS PROFIT. Indemnity period: 12 months		30.134,78
EXCESS:	<i>24 hours</i>	
OPTIONAL GUARANTEES:		
LOSS OF PROFIT DUE TO LACK OF SUN		INCLUDED
EXCESS:	<i>See note attached</i>	
<b>ROBBERY AND PLUNDERING</b>		
INSURED SUM over Content capitals		350.000,00
EXCESS:	<i>Installations over 1 kilometre away from an urban area, 300 € for accident</i>	
<b>COVERED RISKS:</b>		
Damages for robbery/robbery attempt		12.000,00
<b>GLASS BREAKAGE</b>		
Total value		INCLUDED
<b>GENERAL LIABILITY</b>		
Insured sum. Accident limit and annual insurance payment		300.000,00
Operating liability.		INCLUDED
Sub-limit physical damages, limit for each victim		300.000,00
Employers' liability		INCLUDED
Sub-limit for each victim		150.000,00
Civil liability for damages to power recipient		INCLUDED
Sub-limit physical damages, limit for each victim		300.000,00
Excesses and defense		INCLUDED
Damage claim		INCLUDED
EXCESS:	<i>Operating liability: 150,00 € Civil liability for damages to power recipient : 1.500,00 €</i>	
<b>INSURANCE COST</b>		
<b>Total Premium</b>		<b>1.448,20 €</b>

This document does not have the purpose of proposing an insurance, it's simply informative in terms of Premium and coverage conditions based on the statements by the applicant, and its final acceptance is subject to the result of the risk inspection done by FIATC.

Date of project issuing: November 25th, 2009

## **CLAUSES**

All the transmission and distribution lines, including cables, wires, poles, electric towers, pillars, Powers and any type of equipment belonging to the installations, including sub-stations of any kind. This exclusion includes the power distribution or transmission lines, telephone or telegraph, as well as audio and video communication signals.

This exclusion is applied to equipment over and underground located more than 150 metres away from the insured enclosure.

This exclusion applies both to material damages to equipment as well as to the loss of benefits, consequential damages and other losses for contingencies related to the transmission and distribution lines.
